Mortgage Loan Originator NMLS List

The Secure and Fair Enforcement for Mortgage Licensing Act (SAFE Act) requires each employee of Interstate Unlimited Federal Credit Union who acts as a residential mortgage loan originator to register with the Nationwide Mortgage Licensing System (NMLS), obtain a unique identifier number, and maintain this registration. The rules require us to ensure consumers have access to our mortgage loan originators' unique identifier numbers to enable consumers to access the NMLS registry information to obtain publicly available information on a mortgage loan originator before committing to a mortgage loan transaction. Below is the credit union's listing of NMLS Registered Loan Originators with NMLS ID numbers which you may use to obtain loan originator information through the NMLS Consumer Access website:
